

Mary

Little bird

Age: 26

City/town/village: Salamanca

Studies: Social Education Degree

Hobbies: Documentaries and Hiking

Lived/worked: Salamanca, Tenerife, Galway (Ireland), Madrid. A shorter amount of time in Galicia and The Basque Country

Tell us about you

I am an active and smiley person, with sense of humor and always with attitude to learn from all my surroundings.

I like: animals and helping others

I dislike: The negativism

My favourite food is: Vegetable lasagna

What's your English background

I started learning English at school, and I have to say it wasn't my favourite. As I was growing up I was having more interest in the language, but it wasn't until I went abroad to live there when I really learned it. In my opinion, when we all improve any language is not only studying the grammar but also practicing with the listening and the speaking.

Your summer camp goal

I wish every kid to learn and enjoy in a dynamic and relaxed atmosphere at the same time I also have loads I'd like to learn from them, as I am sure they have loads to teach.

Why nature?

Since i was a kid I have been in touch with the nature. My parents taught me how to use my free time interacting with the environment as you learn from it but at the same time you enjoy. Nowadays, my lifestyle is based in respecting the environment and trying to make people who is around me aware of it too.

Why working with children?

I was child once and I went to summer camps and other activities outside school as well, and everything you learn and keep as a memory it does not have price, whatsoever. That is the reason why I want to work with kids, because I want to be part of their memories and I want to be one of the people who actually, taught them something.
