1. WORK EXPERIENCE DESCRIPTION

We are looking for someone with an educational background in **Teaching, Psychology or Environmental Science/Education related degrees** to help out creating sustainable materials to be used in School Workshops and/or at Camping Days in an Environmental Awareness Project for children.

It's a 5-day experience (Monday to Friday) that includes accommodation and 2 meals/day in exchange for voluntary work on the project (max 5h/day). Timetables may be flexible and adaptable in case of need (studies or other reasons).

Work examples:

- Chicken Coop
- Hydroponic systems
- Dry-toilets
- Tent repairs
- Furniture
- Compost bins
- Educational activities
- Portable garden

We can host 2 people at the same time in a family home in Northern Spain, in a small town called [Boo de Piélagos](#), well connected to the city of [Santander](#) (Cantabria) in an absolutely stunning environment.

We look for **responsible** people that are **dynamic, enthusiastic, highly interested in working with children and eager to learn**. Teamwork skills are essential for the position.

After the work experience, volunteers may apply for a **job position** (only European passports or Working Visa holders) in the company to take part in the [School workshops](#) and/or the [Camping days](#) as monitors/educators with work contract and Social Security.
