Tell us about you

I'm an open minded person who loves travelling and meeting other people.
My favorite food: my mum's croquetas.
I like: swimming, dancing, history and cats.
I dislike: being cold.

What's your English background

Although I was a good student at school I didn't enjoy my English classes, therefore my English level wasn't great.

In 2014 I decided to take an opportunity to move to England to work as a nurse. I was there for almost three years working in two hospitals.

I was also joined a roller skating team. This enabled me to make lots of new friends giving me the opportunity to constantly speak English.

In 2017, I moved back to Spain to work in a critical care unit of a hospital in Madrid.

Your summer camp goal

Teach 10 new songs in english to the kids and do headstand without any support!

Why nature? I think is time for a real change, to take actions that make the life of all species better.

Why working with children? I love teaching and learning from them, I enjoy investigating their world and being part of their development.
