Tell us about you

I define myself such as a kind and cheerful person who loves to meet new people and capable to share different experiences with them.

I like: the beach, traveling and kids.

I dislike: Hypocrisy.

My favourite food is: Croquetas and Spanish omelette.

What's your English background

Since I was 8 years old I went to an academy with native speakers to improve my English. Actually, my big experience with the English was in Sweden in the Erasmus as I had all my subjects in that language and it was the main language used to talk with my classmates and floormates.

Your summer camp goal

My principal objective for this summer camp is learning with the monitors and kids and give the best of myself to the children so that they can learn also with me.

Why nature?

I always enjoy the nature with my scout group when we do different activities like excursions or the summer camps.

Why working with children?

Since I was little I decided that I really wanted to work with children. Nowadays, I am studying to be a pre-school teacher and in my free time I enjoy myself being monitor of different associations such as Red Cross and Scouts.
